

Better Solutions in 4 Steps

Taught by ex-BCG consultants

Better Solutions in 4 Steps is a blended learning program that teaches teams to more effectively identify and implement solutions to organizational challenges through a combination of online exercises, interactive content, and live breakout discussions.

Training is delivered fully online over a period of 4 weeks
Course duration: 12 hours

Course Objectives

1. Frame and define complex problems
2. Develop comprehensive options
3. Make good decisions efficiently
4. Convince key stakeholders

Course Outline

1. Baseline assessment at Week 1
2. Interactive online trainings
3. Live breakout discussions (x3)
4. Problem solving practices
5. Final progress assessment at Week 4

The program is designed for a team of up to 5 people who will go through the program together. They will apply the techniques they learn on an actual organizational issue during the breakouts, under the guidance of our team of experienced former strategy consultants.

What you will get

- Individual certification for course participants
- Company group summary report
